- What will you do if you fail this time?
- How do you handle rejection?

Thank you for your question. If I fail this time, I would firstly reflect on what I have done during this process and make a detailed plan to further improve myself in study. Since I was rejected, there must be certain knowledge that I didn't master. So it is also a good opportunity to make a difference. Besides, I have had a keen interest in translation and interpreting. And the academic and cultural atmosphere in your university do impress me deeply. All this will bring great motivation and inspiration for me to go forward. No matter what the result is, I would never give up my pursuit and my dream.

感谢您的提问。如果这次失败了，我首先会对自己在这个过程中所做的事情进行反思，并制定详细的计划以进一步提高自己的学习水平。既然我被拒绝了，那一定有我还没掌握的知识。因此，这也是一个有所作为的好机会。此外，我对笔译和口译有着浓厚的兴趣，且贵校的学术和文化氛围让我印象深刻。这些都会成为激励我继续向前的动力。无论结果如何，我都不会放弃自己的追求和梦想。

Beihang University has been my dream school and always will be. And I do believe my academic records would make me a good candidate for the postgraduate program. But I also firmly believe that failure is one of the best ways to learn and improve. So should I not be selected, I will definitely seek further academic training and getting further credentials to enhance my qualifications for your postgraduate program. In addition, in the field of computer application, experience is as important as education. In this sense, I would also seek out professional opportunities such as internships, to put what I learned in the book to practice and gain hands-on experience of this field. In the next five years, I would like to carry on my study as a PhD student in the very same field. I know this requires both strong academic endeavors and practical knowledge, so I'm planning on getting ready for it.

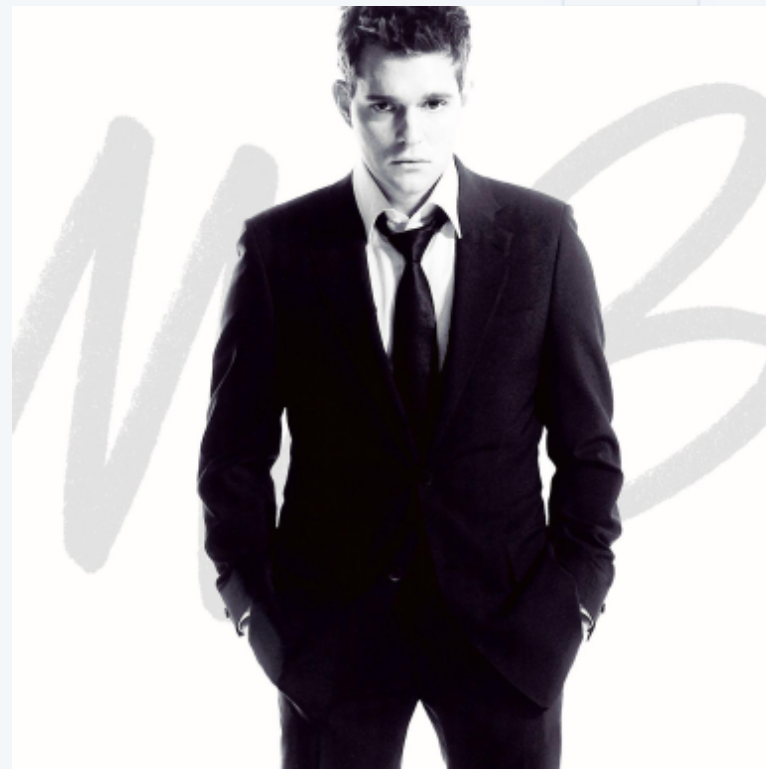

北京航空航天大学一直是我的梦想学校，并将永远是。而且我相信我的学习成绩会使我成为攻读研究生课程的很好的人选。但我也坚信，失败是学习和提高的最好方式之一。所以如果我没有被录取，我一定会继续深造，获得进一步的证书，以提高我进入你们的研究生项目的资格。此外，在计算机应用领域，经验和学业相比同等重要。在这个意义上，我也会寻找类似实习的工作机会，把书本上的知识运用到实践中，获得这个领域的实践经验。在未来的五年里，我想继续在这个领域攻读博士学位。我知道这需要强有力的学术努力和实践知识，所以我打算为此做好准备。
